Weather Forecast Office

Fort Worth, TX

Issued Nov 29, 2018 4:21 AM CST

   NWSFort Worth

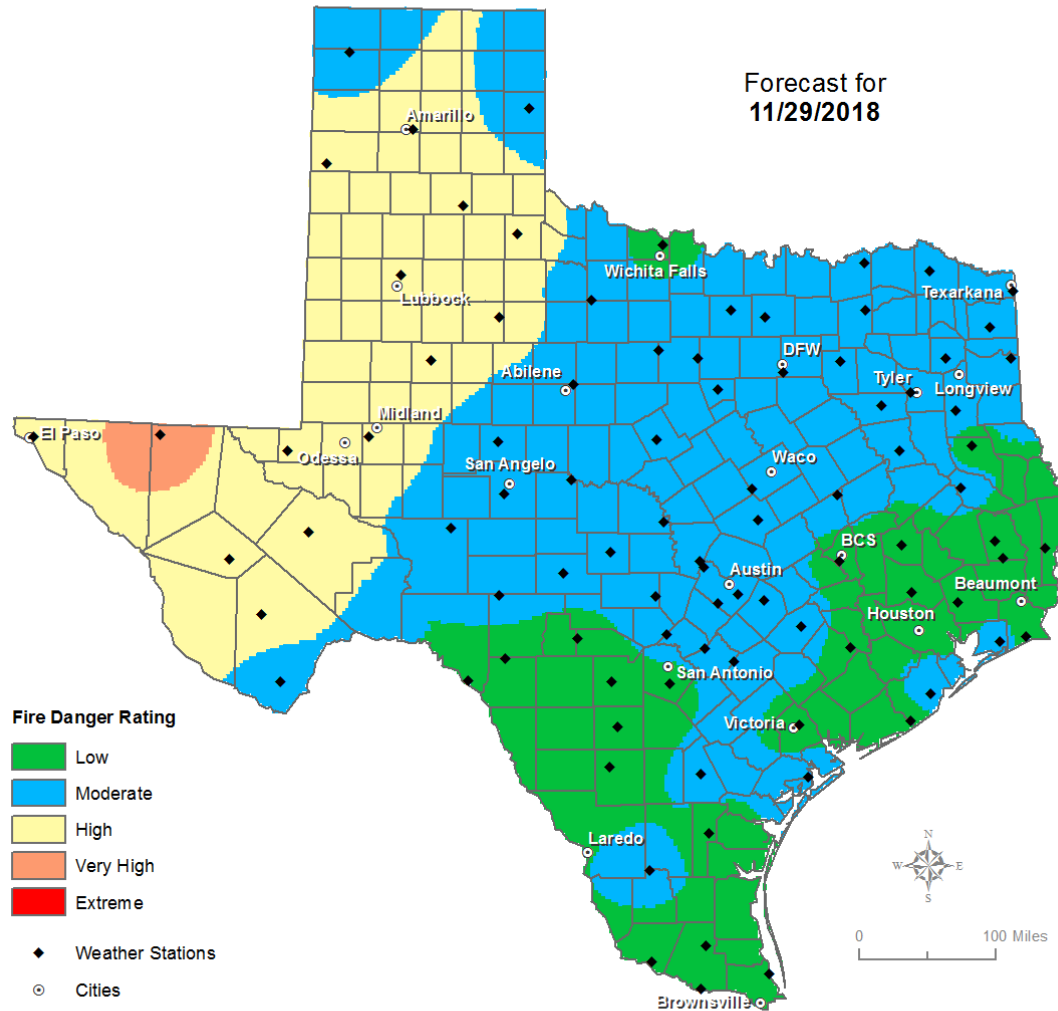

weather.gov/fortworth

It'll be a warm day today across North and Central Texas as temperatures rise into the upper 70s and lower 80s across much of the region. Elevated fire weather conditions are expected across our far western counties this afternoon due to very dry air, warm temperatures, breezy west winds, and cured grasses.
